# YOUR VIEWS ON THE PROPOSAL

**1. What is your view of introducing a new criminal offence of paying for sexual services? (This is the only mandatory question)**

- Fully supportive
- Partially supportive
- Neutral (neither support nor oppose)
- Partially opposed
- Fully opposed
- Don't want to express a view

**Please explain the reasons for your response.**

By forcing sex workers into a legal grey area they will be less supported by the police when they want to report a crime committed by the client and will be forced into illegal/extreme activities by the client as they have already broken the law. So what would be the harm of another charge on top?

**2. What is your view of repealing section 46 of the Civic Government (Scotland) Act 1982: the offence of soliciting for the purposes of prostitution in a public place?**

- Fully supportive
- Partially supportive
- Neutral (neither support nor oppose)
- Partially opposed
- Fully opposed
- Unsure

**Please explain the reasons for your response.**

I would support places where clients and sex workers can meet such as red light districts (e.g. Antwerp, where it is limited to 3 streets and is signed ostensibly before entering the area) or brothels. I think the sex workers and brothels should have to register to prove right to work, knowledge to local authorities and police, as well as proper regulation of brothels.

**3. What is your view of repealing previous convictions under section 46 of the Civic Government (Scotland) Act 1982: the offence of soliciting for the purposes of prostitution in a public place?**

- Fully supportive
- Partially supportive
- Neutral (neither support nor oppose)
- Partially opposed
- Fully opposed
- Unsure

**Please explain the reasons for your response.**

**4. What is your view of giving people in prostitution the legal right to support?**

- Fully supportive
- Partially supportive
- Neutral (neither support nor oppose)
- Partially opposed
- Fully opposed
- Unsure

**Please explain the reasons for your response.**

People doing sex work should be able to access specialist health support and shouldn't be pressured to leave

**5. What is your view of including provisions for exiting services in the bill?**

- Fully supportive
- Partially supportive
- Neutral (neither support nor oppose)
- Partially opposed
- Fully opposed
- Unsure

**Please explain the reasons for your response.**

Victims of human trafficking would go through the National Referral Mechanism. If a sex worker is in the field of their own volition and wants to leave, surely it should just be treated as a career change.

**6. How should the proposed offence be enforced. Are there any particular techniques which you think should be used or obstacles**

**which might need to be overcome?**

7. **Do you believe that there are any new policing powers that would be necessary or beneficial for enforcing this offence?**

8. **Please indicate which of the following forms of support and/or services you think should be provided for people in prostitution and exiting prostitution (place an x into the brackets of as many options as you agree with):**

- Exiting support workers
- Drop in services
- Outreach visits to brothels, saunas and other similar premises
- Specialist medical consultations
- Access to drug and alcohol services
- Access to counselling and psychological treatment services
- Specialist housing schemes for women in crisis
- Support to access education, training or work
- Financial advice, debt support etc
- Other (please give details)

**Please explain the reasons for your response and provide examples of best practice.**

9. **Please indicate which of the following ways of raising awareness of the new offence you believe to be most effective (choose as many as you agree with):**

- Internet and social media advertising
- TV advertising
- Print media advertising
- Billboards in public places and transport
- Leaflets to households
- Materials to support and exiting services for people involved in prostitution
- Materials targeted at areas where prostitution is known to occur
- Materials to health and mental health services
- Materials to further education sector
- Inclusion in secondary education (Relationship, Sexual Health,

- Parenting classes)  
 Other (please give details)

**Please explain the reasons for your response.**

**10. Do you think legislation is required, or are there are other ways in which the Bill's aims could be achieved more effectively?**

**Please explain the reasons for your response.**

Not down this line. I believe we need to further legalise prostitution to avoid putting sex workers in dangerous positions and provide safe spaces for sex workers to visit clients.

## **Resource implications**

**11. Taking into account all those likely to be affected (including public sector bodies, businesses and individuals etc), is the proposed Bill likely to lead to:**

- a significant increase in costs
- some increase in costs
- no overall change in costs
- some reduction in costs
- a significant reduction in costs
- do not wish to express a view

**Please indicate where you would expect the impact identified to fall (including public sector bodies, businesses and individuals etc). You may also wish to suggest ways in which the aims of the Bill could be delivered more cost-effectively.**

## **Equalities**

**12: Any new law can have an impact on different individuals and groups in society, for example as a result of their age, disability, gender re-assignment, marriage and civil partnership status, pregnancy and maternity, race, religion or belief, sex or sexual orientation. What impact could this proposal have on particular people if it became law?**

**Please explain the reasons for your answer and if there are any ways you think the proposal could avoid negative impacts on**

**particular people.**

Disability; disabled people have sought out sex workers to fulfil their sexual needs as it would be obviously be inappropriate for a carer who isn't their partner or spouse to do so. Disabled people shouldn't be criminalised for fulfilling their sexual needs if no one else can

Gender reassignment; transgender women disproportionately do sex work (specifically escorting) when compared to their cisgender peers

## **Sustainability**

- 13. Any new law can impact on work to protect and enhance the environment, achieve a sustainable economy, and create a strong, healthy, and just society for future generations. Do you think the proposal could impact in any of these areas?**
