YOUR VIEWS ON THE PROPOSAL

1. What is your view of introducing a new criminal offence of paying for sexual services? (This is the only mandatory question)

- Fully supportive
- Partially supportive
- Neutral (neither support nor oppose)
- Partially opposed
- Fully opposed
- Don't want to express a view

Please explain the reasons for your response.

Prostitution is a form of oppression of women, commodifying their bodies for the benefit of men. If women can be bought, it ensures women will never have equal rights.

2. What is your view of repealing section 46 of the Civic Government (Scotland) Act 1982: the offence of soliciting for the purposes of prostitution in a public place?

- Fully supportive
- Partially supportive
- Neutral (neither support nor oppose)
- Partially opposed
- Fully opposed
- Unsure

Please explain the reasons for your response.

With a complete remodelling of the prostitution laws, women should be supported in their actions so they can be confident if they seek help.

3. What is your view of repealing previous convictions under section 46 of the Civic Government (Scotland) Act 1982: the offence of soliciting for the purposes of prostitution in a public place?

- Fully supportive
- Partially supportive
- Neutral (neither support nor oppose)
- Partially opposed
- Fully opposed

Unsure

Please explain the reasons for your response.

Decriminalising the act of prostitution should negate any previous convictions, particularly as there is growing international evidence that women are being abused and exploited.

4. What is your view of giving people in prostitution the legal right to support?

- Fully supportive
 Partially supportive
 Neutral (neither support nor oppose)
 Partially opposed
 Fully opposed
 Unsure

Please explain the reasons for your response.

Women in prostitution will have a long history of difficulties, both physically and mentally as well as being exploited and deserve the ability of working through their issues.

5. What is your view of including provisions for exiting services in the bill?

- Fully supportive
 Partially supportive
 Neutral (neither support nor oppose)
 Partially opposed
 Fully opposed
 Unsure

Please explain the reasons for your response.

These women are likely the most marginalised group of people in society and support should be given to allow them to find other ways of financing themselves.

6. How should the proposed offence be enforced. Are there any particular techniques which you think should be used or obstacles which might need to be overcome?

The men using prostitution services should be taken through the usual arrest & sentencing processes.

7. Do you believe that there are any new policing powers that would be necessary or beneficial for enforcing this offence?

no

8. Please indicate which of the following forms of support and/or services you think should be provided for people in prostitution and exiting prostitution (place an x into the brackets of as many options as you agree with):

- Specialist medical consultations
- Access to drug and alcohol services
- Access to counselling and psychological treatment services
- Specialist housing schemes for women in crisis
- Support to access education, training or work
- Financial advice, debt support etc
- Other (please give details)

Please explain the reasons for your response and provide examples of best practice.

9. Please indicate which of the following ways of raising awareness of the new offence you believe to be most effective (choose as many as you agree with):

- Internet and social media advertising
- TV advertising

Please explain the reasons for your response.

I cannot see why legislation would not be necessary.

Resource implications

11. Taking into account all those likely to be affected (including public sector bodies, businesses and individuals etc), is the proposed Bill likely to lead to:

- a significant increase in costs
- some increase in costs
- no overall change in costs
- some reduction in costs
- a significant reduction in costs
- do not wish to express a view

Please indicate where you would expect the impact identified to fall (including public sector bodies, businesses and individuals etc). You may also wish to suggest ways in which the aims of the Bill could be delivered more cost-effectively.
