# YOUR VIEWS ON THE PROPOSAL

**1. What is your view of introducing a new criminal offence of paying for sexual services? (This is the only mandatory question)**

- Fully supportive
- Partially supportive
- Neutral (neither support nor oppose)
- Partially opposed
- Fully opposed
- Don't want to express a view

**Please explain the reasons for your response.**

All evidence shows that the best way of reducing prostitution is to criminalise those who pay for sex. They are the perpetrators of VAWG.

**2. What is your view of repealing section 46 of the Civic Government (Scotland) Act 1982: the offence of soliciting for the purposes of prostitution in a public place?**

- Fully supportive
- Partially supportive
- Neutral (neither support nor oppose)
- Partially opposed
- Fully opposed
- Unsure

**Please explain the reasons for your response.**

Prostitutes are victims rather than perpetrators. They are exploited women subject to violence and their criminalisation does not reduce prostitution.

**3. What is your view of repealing previous convictions under section 46 of the Civic Government (Scotland) Act 1982: the offence of soliciting for the purposes of prostitution in a public place?**

- Fully supportive
- Partially supportive
- Neutral (neither support nor oppose)
- Partially opposed
- Fully opposed
- Unsure

**Please explain the reasons for your response.**

No victim should ever have been criminalised. Repeal will allow records to be expunged leading to improved employment and rehabilitation prospects.

**4. What is your view of giving people in prostitution the legal right to support?**

- Fully supportive
- Partially supportive
- Neutral (neither support nor oppose)
- Partially opposed
- Fully opposed
- Unsure

**Please explain the reasons for your response.**

Without legal right to support prioritisation of funding will lead to a lack of investment in appropriate services and a lack of confidence from those in need.

**5. What is your view of including provisions for exiting services in the bill?**

- Fully supportive
- Partially supportive
- Neutral (neither support nor oppose)
- Partially opposed
- Fully opposed
- Unsure

**Please explain the reasons for your response.**

No women dreams of being a prostitute. It is the result of desperation and an inability to escape circumstances. We must provide that escape route.

**6. How should the proposed offence be enforced. Are there any particular techniques which you think should be used or obstacles which might need to be overcome?**

Police must be given appropriate powers and trained in enforcement. We also need to address institutionalised views of prostitutes to properly understand their victimhood. Even news reporting is less sympathetic to victims if the are

described as prostitutes. They are dehumanised.

7. **Do you believe that there are any new policing powers that would be necessary or beneficial for enforcing this offence?**

8. **Please indicate which of the following forms of support and/or services you think should be provided for people in prostitution and exiting prostitution (place an x into the brackets of as many options as you agree with):**

- Exiting support workers
- Drop in services
- Outreach visits to brothels, saunas and other similar premises
- Specialist medical consultations
- Access to drug and alcohol services
- Access to counselling and psychological treatment services
- Specialist housing schemes for women in crisis
- Support to access education, training or work
- Financial advice, debt support etc
- Other (please give details)

**Please explain the reasons for your response and provide examples of best practice.**

The majority of prostituted women would exit given the necessary support. Drugs and poverty are the main reasons women enter prostitution.

9. **Please indicate which of the following ways of raising awareness of the new offence you believe to be most effective (choose as many as you agree with):**

- Internet and social media advertising
- TV advertising
- Print media advertising
- Billboards in public places and transport
- Leaflets to households
- Materials to support and exiting services for people involved in prostitution
- Materials targeted at areas where prostitution is known to occur
- Materials to health and mental health services
- Materials to further education sector
- Inclusion in secondary education (Relationship, Sexual Health,

- Parenting classes)  
 Other (please give details)

**Please explain the reasons for your response.**

It is crucial to raise public awareness. Previous campaigns (e.g. drink driving) have been fundamental to a shift in public opinion/perception.

**10. Do you think legislation is required, or are there are other ways in which the Bill's aims could be achieved more effectively?**

**Please explain the reasons for your response.**

Legislation is necessary to ensure that the government and public bodies are held to account in delivering the aims of the bill and for police powers.

## Resource implications

**11. Taking into account all those likely to be affected (including public sector bodies, businesses and individuals etc), is the proposed Bill likely to lead to:**

- a significant increase in costs  
 some increase in costs  
 no overall change in costs  
 some reduction in costs  
 a significant reduction in costs  
 do not wish to express a view

**Please indicate where you would expect the impact identified to fall (including public sector bodies, businesses and individuals etc). You may also wish to suggest ways in which the aims of the Bill could be delivered more cost-effectively.**

In the longer term a reduction in prostitution costs leads to a reduction in policing (prostitution, trafficking), health costs due to decreased risk etc

## Equalities

**12: Any new law can have an impact on different individuals and groups in society, for example as a result of their age, disability, gender re-assignment, marriage and civil partnership status, pregnancy and maternity, race, religion or belief, sex or sexual orientation. What impact could this proposal have on particular people if it became law?**

**Please explain the reasons for your answer and if there are any ways you think the proposal could avoid negative impacts on particular people.**

The commodification and objectification of women's bodies in prostitution (and porn) has a signification on all women and increases risk of sexual assault.

## **Sustainability**

**13. Any new law can impact on work to protect and enhance the environment, achieve a sustainable economy, and create a strong, healthy, and just society for future generations. Do you think the proposal could impact in any of these areas?**
